There are approximately 30 free spaces on the west side of Moor Road North, waiting is limited to 3 hours.

We would also like to remind people who work on and visit Gosforth High street that there is other parking available within the area and although most areas are the subject of Resident Permit Parking Zones that they can park there for certain times of the day. We would advise however that people check the signs in the areas where they are parking to ensure that they know when and for how long they can park. The engagement team can be contacted by e-mail at gosforthti@newcastle.gov.uk or call on 0191 2777 541

copies of this parking information will be delivered to traders and businesses in the New Year
